The Rusk County Caregiver Coalition is hosting the 6th Annual "Independence Your Way" event on Thursday, May 9, 2019 from 9:00-12:00 p.m. at the Senior Center in Ladysmith. This is an informative event that is free to the public and will discuss a variety of topics that affect the aging population. Hope Hospice and Palliative Care will be presenting on the importance of creating a Power of Attorney for Healthcare Document. There will also be several other local agencies available. Please join us on May 9th!

Thank you to all of the volunteers who were able to attend the recent volunteer meetings in Medford and Ladysmith. We had a nice showing of volunteers and it is always helpful to get together.

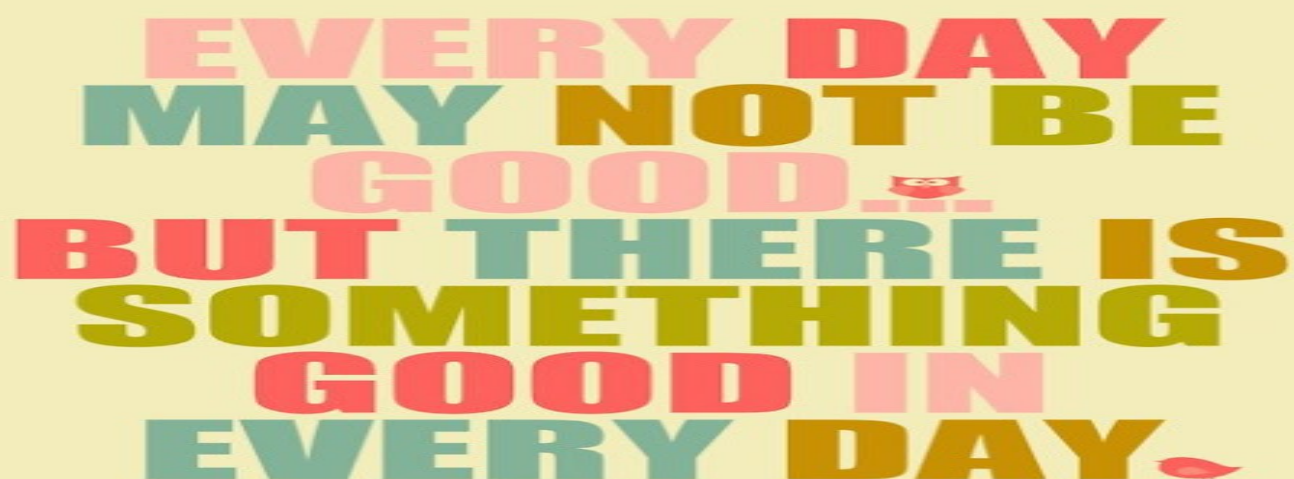

Thanks again for all that you do for Hope Hospice.

Special thanks to Tom Christman for hosting the Ladysmith meeting!
